- 1995 – between Brohm and US Army Corp of Engineers – 404 Permit Application for a temporary storm water pond in the upper portion of Strawberry Creek
- Correspondence between Brohm and SD DENR – re: 1994 Report on Groundwater Hydrology at Gilt Edge – dated 1994
- 1996 correspondence between Brohm and SD DENR
- Senate Bill 24 Fact Summary
- 1996 correspondence between Brohm and SDENR (all dated 1996) – Re:
  - o Plans and specifications for leach pad and storm water expansion
  - o Various AMD Report summary discussions
  - o Ground water discharge permit #GWD-388 and off load spent sulfide ore into Ruby Waste Repository
  - o Acid potential testing of construction fill material
  - o Dakota Maid Pit technical revision to mine permits #462 and #439
  - o 1996 letter from SD DENR approval for operational use of the leach pad expansion and storm water pond – referenced permit #462
  - o Leach pad and sediment control
- fax from Murphy, Robinson, Heckathron, & Phillips, PC
- SD permit regulations 1993
- SD regulations – ground water and surface water
- Aquatic biology and habitat survey – Gilt Edge mine – prepared for Brohm Jan 30, 1989
- Letter re: soil and vegetation analysis for Gilt 10/ 14/1996

Brohm Mining Corp - Anchor Hill Project - 10/14/1996 - Gilt Edge

- Invoices to Brohm from ENSR
- Permit Applications – filing and review – reclamation standards by DENR title 74 1993
- SD 1995 Mineral Summary by DENR
- History of Mining Regulations.
- Re: ARD mitigation report for June 1996, Nov 1996. to DENR from Brohm
- Letter to Brohm from DENR re: permits #462 & 439 & GWD – 3-88: relocation of GW-12 well
- Letter: hydrostatic tests. To Brohm from DENR approved.
- Letter: Tech revision to modify reclamation requirements for Relic Tailings Depositories. 1996 to Brohm from DENR
- Letter from Brohm to DENR regarding hydro test. 1996
- Letter to Brohm from DENR. Regarding new air quality standards/requirements. A public hearing notice is appended.
- Dakota mining Corp form – blank.
- Newspaper article: Gilt Edge Mine waste water treatment 1996 – Great Falls Tribune. Quote from Pegasus Gold Corp in Montana, re: treated water “harmless”. Re: I-122
- Letter from DENR to Brohm regarding SE Langley and Anchor Hill. Technical Revision
- Loose pages re: technical revisions to permits 439 & 462. Re: Langley Pit; working the Langley ore body 1996
- LAC Minerals USA – Richmond Hill Final Soil & Vegetation monitoring report 1994 by Schafer and Assoc.
- ENSR Invoices 1996
- Invoices from Murphy, Robinson, Heckathorn & Phillips 1996
- Dakota mining general account list.
- Fax to Dale, Environmental Design Engineering from Dale Shay, Brohm.
- Internal invoices.
- Stibnite mine Inc – a wholly owned affiliate at Dakota mining Corp. (fax 1996)
- Environ – invoices. 1996.
- Fax 1996 from Pegasus Gold Corp. to John Trimble.
- April 26, 1996 Anchor Hill Project Quarterly update from Brohm to DENR
- Fax from Royal Gold, Inc. May 1996. Re: BLM Industry & NEPA
- Reliance National Indemnity Company, Madison WI with Reliance Insurance Co, Illinois Application for pollution legal liability insurance for Brohm. Dated 11/1995. List of AST's. Process flow diagram for unipure process.
- Loose pages of vegetation report for Strawberry, Bear Butte etc.
- 1996. Intermountain Lab Inc. Results
- Maps – topos – Gilt Edge Expansion Project. By Bechtel for Brohm. 1996 letter from Pegasus Gold regarding defeat of I-122 with newspaper article.
- Picture of wooded area labeled RG# & SBC #
- Letter from SD DENR to Brohm re: Waste Rock management plan, March 1996; sulfur cutoff criteria
- Letter from SD DENR to EPA. Re: Mr. Erickson's letter April 1, 1996. Re: proposed surface water quality standard changes.

- 1996 correspondence from Brohm to DENR re: ground water monitoring
- Times Limited Report. "Assessment of Surface Water Quality and Aquatic Ecosystem of the Black Hills." Focus on water quality, aquatic life, and new standards - various correspondences. Letter from USFWS and comments from McLeary Environmental Ltd., Chadwick Ecological Consultants, Sprague Associates Ltd.
- 1996 letter SD DENR 1995 Minerals summary with detailed report.
- 1996 SD DENR response to USFWS letter.
- In the matter of the 1995 application of Brohm Mining Corp. for the Gilt Edge Anchor Hill Project. Motion to dismiss - by state of SD
- A large scale mining permit not granted to Brohm.
- Letter from Steffen Robertson & Kirsten (ISRK) to Brohm re: leach pad. 1996 letters to DENR from Brohm
  - o Re: Leakage response action plan
  - o Re: NPDES
  - o Re: Leach pad & Storm water pond
  - o Re: Leaks & Membranes
  - o Re: Remediate acid drainage
  - o Re: Sludge dewatering trench design
  - o Re: Neutralization pond treatment info
- 1996 letters from DENR to Brohm - Strawberry Creek Rehab
  - o Re: 1996 Environmental audit
  - o Re: Technical revisions 462 & 439
  - o Re: Letter re: Ruby Gulch
  - o Re: Leach pad & storm water pond
  - o Re: Large scale mine permit 462
  - o Re: Bonding issue mining permit #462
  - o Re: Temporary permit for dewatering
  - o Re: Additional time is needed for permit review
- Gilt Edge info filed with Registrar of Deeds 1995
- Response to comments watershed analysis of the upper east fork, south fork and salmon river by KK consulting to USFS 1997
- Spill contingency plan - by BMC for Brohm/Gilt Edge site
- Blattner - waste materials management spill prevention & fuel storage plan. For Brohm's Anchor Hill Project.
- Mailing receipts 1995
- To Martin Quick form Tony Fierro 1995. re: Ruby Gulch Pond & Piping project
- Brohm response to procedurally incomplete permit application. Submitted. New reclamation plan. 1995
